I. 7Produktinformationen

I-1. Verpackungsinhalt

1. WAP1200 Access Point

2. Antennen x 2

3. Magnetische Wandbefestigung x 2
& Schrauben

4. CD

5. Schnellinstallationsanleitung

6. Ethernetkabel

7. Netzadapter

8. Bohrvorlage für magnetische
Wandbefestigung

I-2. Systemanforderungen

- Vorhandenes Kabel/DSL-Modem & Router
- Computer mit Web-Browser zur Access Point-Konfiguration

I-3. Hardwareübersicht

- A.** 12V DC-Anschluss für das Netzteil
- B.** LAN-Port mit Power over Ethernet (PoE) IN
- C.** LAN-Port
- D.** Access Point auf Standardwerkseinstellungen zurücksetzen

I-4. LED-Status

| LED-Status | Beschreibung |
|-------------|----------------------------------|
| Aus | Der Access Point ist aus. |
| Blau | Der Access Point ist an. |
| Gelb | Der Access Point wird gestartet. |

I-5. Rücksetzen

Wenn Sie mit Ihrem Access Point auf Probleme stoßen, können Sie das Gerät auf die Werksstandardeinstellungen zurücksetzen. Damit werden **alle** Einstellungen auf die Standardwerte zurückgesetzt.

1. Halten Sie die Reset-Taste am Access Point mindestens 10 Sekunden lang gedrückt.

Möglicherweise müssen Sie einen Bleistift oder ähnlichen spitzen Gegenstand benutzen, um die Reset-Taste zu drücken.

2. Warten Sie, bis der Access Point neu gestartet wird. Der Access Point ist für das Setup bereit, wenn die LED **blau** leuchtet.

II. Schnellkonfiguration

Der WAP1200 Long Range 802.11ac Dualband Access Point zur Wandmontage bietet eine Reihe von leistungsstarken Funktionen:

- IEC 60601-1-2 Medizinische EMV-Zertifizierung
- 802.11ac Drahtlose Dualband-Hochgeschwindigkeitstechnologie
- 32 SSIDs für Management
- PD/PSE zum Betrieb zusätzlicher Geräte
- SNMP v1/v2c/v3
- Integrierter Signalton, um Ihr Gerät zu suchen

Ihr Access Point kann in nur wenigen Minuten in Betrieb genommen werden. Diese Schnellinstallationsanleitung hilft Ihnen, Ihren Access Point einzurichten und die Grundeinstellungen zu konfigurieren. Bitte befolgen Sie die Anweisungen in den folgenden Kapiteln:

II-1. Erstes Setup

1. Verbinden Sie den Access Point über ein Ethernet-Kabel mit einem Computer.
2. Stecken Sie das Netzteil in den 12V-Anschluss des Access Points und in eine Steckdose.

3. Warten Sie bitte einen Augenblick, bis der Access Point gestartet ist. Der Access Point ist bereit, wenn die LED **blau** leuchtet.
4. Legen Sie als IP-Adresse Ihres Computers **192.168.2.x** fest, wobei **x** eine Zahl im Bereich **3 – 100** ist. Wenn Sie unsicher sind, wie das geht, finden Sie im Benutzerhandbuch weitere Informationen.

Bitte stellen Sie sicher, dass es keine anderen aktiven Netzwerkverbindungen auf Ihrem Computer gibt (trennen Sie WLAN-Verbindungen und Ethernet-Kabel).

5. Geben Sie als Standard-IP-Adresse des Access Points **192.168.2.2** in die URL-Leiste eines Web-Browsers ein.

6. Sie werden aufgefordert, einen Benutzernamen und ein Passwort einzugeben. Geben Sie den Standardbenutzernamen "admin" und das Standardpasswort "1234" ein.

7. Sie kommen auf den unten gezeigten "Systeminformationen"-Bildschirm.

The screenshot shows the EDIMAX Pro WAP1200 web interface. The top navigation bar includes 'Home | Logout | Global (English)'. The main menu has 'Information', 'Network Settings', 'Wireless Settings', 'Management', and 'Advanced'. The left sidebar shows 'Information' with sub-items: 'System Information', 'Wireless Clients', 'Wireless Monitor', and 'Log'. The main content area is titled 'System Information' and contains three sections:

- System:** A table with the following data:

| | |
|--------------------|--|
| Model | WAP1200 |
| Product Name | AP801F02F1968A |
| Uptime | 0 day 00:02:29 |
| Boot from | Internal memory |
| Version | 1.0.5 |
| MAC Address | 80:1F:02:F1:96:8A |
| Management VLAN ID | 1 |
| IP Address | 192.168.2.2 <input type="button" value="Refresh"/> |
| Default Gateway | --- |
| DNS | --- |
| DHCP Server | --- |
- Wired LAN Port Settings:** A table with the following data:

| Wired LAN Port | Status | VLAN Mode/ID |
|-----------------|-----------------------------------|-------------------|
| Wired Port (#1) | Connected (1000 Mbps Full-Duplex) | Untagged Port / 1 |
| Wired Port (#2) | Disconnected (---) | Untagged Port / 1 |
- Wireless 2.4GHz:** A table with the following data:

| | |
|----------------|-------------------|
| Status | Enabled |
| MAC Address | 80:1F:02:F1:96:8A |
| Channel | Ch 11 (Auto) |
| Transmit Power | 100% |

8. Dann folgen Sie bitte den Anweisungen in **II-2. Grundeinstellungen**, um die Grundeinstellungen des Access Points zu konfigurieren.

II-2. Grundlegende Einstellungen

Diese Anleitung wird Ihnen helfen, die folgenden Grundeinstellungen des Access Points zu konfigurieren:

- **IP-Adresse LAN**
- **2,4GHz & 5GHz SSID & Sicherheit**
- **Administratorname & Passwort**
- **Zeit & Datum**

Es wird empfohlen, diese Einstellungen zu konfigurieren, bevor Sie den Access Point nutzen.

1. Zur Änderung der LAN-IP-Adresse des Access Points gehen Sie zu **“Netzwerkeinstellungen” > “IP-Adresse der LAN-Seite”**, wo Sie dann folgenden Bildschirm sehen.

| LAN-side IP Address | |
|-----------------------|---------------|
| IP Address Assignment | DHCP Client ▾ |
| IP Address | 192.168.2.2 |
| Subnet Mask | 255.255.255.0 |
| Default Gateway | From DHCP ▾ |

| DNS Servers | |
|-------------------|-------------|
| Primary Address | From DHCP ▾ |
| Secondary Address | From DHCP ▾ |

2. Geben Sie die Einstellungen für die IP-Adresse ein, die Sie für Ihren Access Point verwenden wollen. Sie können eine dynamische (DHCP) oder eine statische IP-Adresse verwenden, je nach Ihrer Netzwerkumgebung. Klicken Sie auf "Übernehmen", um die Änderungen zu speichern, und warten Sie etwas, bis der Access Point neu geladen ist.

Wenn Sie die IP-Adresse Ihres Access Points ändern, müssen Sie die neue IP-Adresse verwenden, um auf die Browser-basierte Konfigurationsoberfläche zugreifen zu können, nicht die Standard-IP 192.168.2.2.

3. Zum Ändern der SSID der 2,4GHz-Drahtlosnetzwerke Ihres Access Points gehen Sie zu **“Drahtloseinstellungen” > “2,4GHz 11bgn” > “Grundlagen”**. Geben Sie die neue SSID für Ihr 2,4GHz Drahtlosnetzwerk in das Feld **“SSID1”** ein und klicken Sie auf **“Übernehmen”**.

Zur Verwendung von mehreren 2,4GHz SSIDs öffnen Sie das Dropdown-Menü namens “SSID-Nummer aktivieren” und wählen Sie die benötigte Anzahl an SSIDs. Geben Sie dann eine neue SSID in die entsprechenden nummerierten Felder ein, bevor Sie auf “Übernehmen” klicken.

2.4GHz Basic Settings

| | |
|-----------------------|--|
| Wireless | <input checked="" type="radio"/> Enable <input type="radio"/> Disable |
| Band | 11b/g/n ▼ |
| Enable SSID number | 1 ▼ |
| SSID1 | WAP1200-F195D2_G VLAN ID 1 |
| Auto Channel | <input checked="" type="radio"/> Enable <input type="radio"/> Disable |
| Auto Channel Range | Ch 1 - 11 ▼ |
| Auto Channel Interval | One day ▼ <input type="checkbox"/> Change channel even if clients are connected |
| Channel Bandwidth | Auto ▼ |
| BSS BasicRateSet | 1,2,5,5,11 Mbps ▼ |

4. Zum Konfigurieren der Sicherheit des 2,4GHz-Drahtlosnetzwerke Ihres Access Points gehen Sie zu **“Drahtloseinstellungen” > “2,4GHz 11bgn” > “Sicherheit”**. Wählen Sie eine **“Authentifizierungsmethode”** und geben Sie entweder einen **“Preshared Key”** oder eine **“Verschlüsselung”** ein, und klicken Sie dann auf **“Übernehmen”**.

Bei Verwendung mehrerer SSIDs geben Sie über das Dropdown-Menü "SSID" an, welche SSID konfiguriert werden soll.

2.4GHz Wireless Security Settings

| | |
|---------------------------|--------------------------------|
| SSID | WAP1200-F195D2_G ▼ |
| Broadcast SSID | Enable ▼ |
| Wireless Client Isolation | Disable ▼ |
| Load Balancing | 50 /50 |
| Authentication Method | No Authentication ▼ |
| Additional Authentication | No additional authentication ▼ |

5. Gehen Sie zu **“Drahtloseinstellungen” > “5GHz 11ac 11an”** und wiederholen Sie die Schritte **3 & 4** für das 5GHz-Drahtlosnetzwerk des Access Points.
6. Zum Ändern von Administratorname und Passwort für die Browser-basierte Konfigurationsschnittstelle gehen Sie zu **“Management” > “Admin”**.

| Account to Manage This Device | |
|--------------------------------------|--|
| Administrator Name | <input type="text" value="admin"/> |
| Administrator Password | <input type="password" value="•••••"/> (4-32 Characters) |
| | <input type="password" value="•••••"/> (Confirm) |
| <input type="button" value="Apply"/> | |

- Füllen Sie die Felder "Administratorname" und "Administratorpasswort" aus und klicken Sie auf "Übernehmen".
- Zum Einstellen der richtigen Zeit für Ihren Access Point gehen Sie zu "Management" > "Datum und Uhrzeit".

| Date and Time Settings | |
|--|--|
| Local Time | <input type="text" value="2012"/> Year <input type="text" value="Jan"/> Month <input type="text" value="1"/> Day <input type="text" value="0"/> Hours <input type="text" value="00"/> Minutes <input type="text" value="00"/> Seconds |
| <input type="button" value="Acquire Current Time from Your PC"/> | |
| NTP Time Server | |
| Use NTP | <input type="checkbox"/> Enable |
| Server Name | <input type="text"/> |
| Update Interval | <input type="text" value="24"/> hours |
| Time Zone | |
| Time Zone | <input type="text" value="(GMT) Greenwich Mean Time: Dublin, Edinburgh, Lisbon, London"/> |

- Stellen Sie über die Dropdown-Menüs die korrekte Uhrzeit und Zeitzone für Ihren Access Point ein. Der Access Point unterstützt auch NTP (Network Time Protocol), so dass Sie alternativ auch den Hostnamen oder die IP-Adresse von einem Zeit-Server eingeben können. Klicken Sie auf "Übernehmen", wenn Sie fertig sind.

Sie können die Schaltfläche “Aktuelle Zeit von Ihrem PC abrufen” verwenden, wenn Sie den Access Point auf die gleiche Zeit wie Ihren PC einstellen wollen.

- 10.** Die Grundeinstellungen Ihres Access Point sind jetzt konfiguriert. Beachten Sie bitte Punkt **III. Hardwareinstallation** für Anweisungen dazu, wie Sie Ihren Access Point mit einem Router oder PoE-Switch verbinden.

II-3. Wi-Fi-geschützte Einrichtung (WPS)

Wi-Fi-geschützte Einrichtung (WPS) ist eine einfache Methode, um Verbindungen zwischen WPS-fähigen Geräten herzustellen. Sie können mit der WPS-Taste eine Verbindung zwischen dem Access Point und einem WPS-fähigen drahtlosen Gerät/Client aufbauen.

- 1.** Halten Sie die WPS/Reset-Taste an der Vorderseite des Access Points 2 Sekunden lang gedrückt.
- 2.** Aktivieren Sie innerhalb von zwei Minuten WPS auf dem WPS-fähigen Drahtlosgerät. Informationen über die WPS-Funktion finden Sie in der Dokumentation zu Ihrem Drahtlosgerät.
- 3.** Die Geräte stellen eine Verbindung her.

III. Hardwareinstallation

1. Verbinden Sie einen Router oder PoE-Switch über eine Ethernet-Kabel mit dem **LAN 1**-Port des Access Points. PoE-Switches **müssen** mit dem **LAN 1**-Port des Access Points verbunden sein.

2. Wenn Sie einen Router verwenden, dann stecken Sie das Netzteil in den 12V-Anschluss des Access Points und in eine Steckdose.

3. Wenn Sie einen PoE- (Power over Ethernet) Switch verwenden, dann ist es nicht notwendig, das mitgelieferte Netzteil zu verwenden, da der Access Point durch den PoE-Switch mit Strom versorgt wird.

Verwenden Sie das Netzteil nicht, wenn Sie einen PoE-Switch nutzen.

4. Verbinden Sie ggf. einen lokalen Netzwerk-Client oder Switch mit dem **LAN 2**-Port des Access Points.

Der LAN 2-Port des Access Points kann PoE-Clients unterstützen, wenn Sie einen PoE-Switch nutzen.

IV. Browserbasierte Konfigurationsschnittstelle

Mit Hilfe der browserbasierten Konfigurationsschnittstelle können Sie die erweiterten Merkmale des Access Points konfigurieren. Der WAP1200 bietet eine Reihe von erweiterten Funktionen, zum Beispiel MAC-Filterung, MAC RADIUS-Authentifizierung, VLAN-Konfigurationen, bis zu 32 SSIDs und viele mehr. So greifen Sie auf die browserbasierte Konfigurationsschnittstelle zu:

1. Verbinden Sie einen Computer über ein Ethernet-Kabel mit Ihrem Access Point.
2. Geben Sie die IP-Adresse Ihres Access Points in die URL-Leiste eines Web-Browsers ein. Die Standard-IP-Adresse des Access Points ist **192.168.2.2**.
3. Sie werden aufgefordert, einen Benutzernamen und ein Passwort einzugeben. Der Standardbenutzername ist "admin" und das Standardpasswort ist "1234", obwohl empfohlen wurde, das Passwort während des Setups zu ändern (siehe **II-2. Grundlegende Einstellungen**).

Wenn Sie sich nicht an Ihr Passwort erinnern, setzen Sie den Access Point auf die werkseitigen Standardeinstellungen zurück. Beachten Sie bitte Punkt I-5. Rücksetzen

4. Sie kommen auf den unten gezeigten "Systeminformationen"-Bildschirm.

The screenshot shows the EDIMAX Pro WAP1200 web interface. The top navigation bar includes 'Home | Logout | Global (English)'. The main menu has tabs for 'Information', 'Network Settings', 'Wireless Settings', 'Management', and 'Advanced'. The 'Information' tab is selected, and the 'System Information' sub-tab is active. The 'System Information' page displays the following details:

| System | |
|--------------------|--|
| Model | WAP1200 |
| Product Name | AP801F02F1968A |
| Uptime | 0 day 00:02:29 |
| Boot from | Internal memory |
| Version | 1.0.5 |
| MAC Address | 80:1F:02:F1:96:8A |
| Management VLAN ID | 1 |
| IP Address | 192.168.2.2 <input type="button" value="Refresh"/> |
| Default Gateway | --- |
| DNS | --- |
| DHCP Server | --- |

5. Benutzen Sie zum Navigieren das Menü oben und unten an der linken Seite.

The screenshot shows the EDIMAX Pro web interface. The top navigation bar includes 'W A P 1 2 0 0', 'Information', 'Network Settings', 'Wireless Settings' (highlighted), 'Management', and 'Advanced'. The left sidebar is titled 'Wireless Settings' and contains a tree view with the following items: '2.4GHz 11bgn' (expanded), 'Basic' (selected), 'Advanced', 'Security', 'WDS', '5GHz 11ac 11an', 'Basic', 'Advanced', 'Security', 'WDS', 'WPS', 'RADIUS', 'Radius Settings', 'Internal Server', 'Radius Accounts', 'MAC Filter', and 'WMM'. A red arrow points from the 'Basic' item in the sidebar to the 'Wireless Settings' tab in the top bar. Another red arrow points from the 'Wireless Settings' tab in the top bar to the 'Basic' item in the sidebar. At the bottom right, the 'Apply' button is circled in red, with a 'Cancel' button next to it.

6. Klicken Sie auf "Übernehmen", um die Änderungen zu speichern und den Access Point neu zu laden, oder auf "Abbrechen", um die Änderungen zu verwerfen.

Bitte warten Sie ein paar Sekunden, bis der Access Point neu geladen ist, nachdem Sie wie unten gezeigt auf "Übernehmen" geklickt haben.

Configuration is complete. Reloading now... Please wait for seconds.

7. Eine vollständige Anleitung zu den Funktionen der browserbasierten Konfigurationsschnittstelle finden Sie im Benutzerhandbuch.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio technician for help.

FCC Caution

This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the authority to operate equipment.

Federal Communications Commission (FCC) Radiation Exposure Statement

This equipment complies with FCC radiation exposure set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 2.5cm (1 inch) during normal operation.

Federal Communications Commission (FCC) RF Exposure Requirements

SAR compliance has been established in the laptop computer(s) configurations with PCMCIA slot on the side near the center, as tested in the application for certification, and can be used in laptop computer(s) with substantially similar physical dimensions, construction, and electrical and RF characteristics. Use in other devices such as PDAs or lap pads is not authorized. This transmitter is restricted for use with the specific antenna tested in the application for certification. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

R&TTE Compliance Statement

This equipment complies with all the requirements of DIRECTIVE 1999/5/EC OF THE EUROPEAN PARLIAMENT AND THE COUNCIL of March 9, 1999 on radio equipment and telecommunication terminal equipment and the mutual recognition of their conformity (R&TTE). The R&TTE Directive repeals and replaces in the directive 98/13/EEC (Telecommunications Terminal Equipment and Satellite Earth Station Equipment) As of April 8, 2000.

Safety

This equipment is designed with the utmost care for the safety of those who install and use it. However, special attention must be paid to the dangers of electric shock and static electricity when working with electrical equipment. All guidelines of this and of the computer manufacture must therefore be allowed at all times to ensure the safe use of the equipment.

EU Countries Intended for Use

The ETSI version of this device is intended for home and office use in Austria, Belgium, Bulgaria, Cyprus, Czech, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Turkey, and United Kingdom. The ETSI version of this device is also authorized for use in EFTA member states: Iceland, Liechtenstein, Norway, and Switzerland.

EU Countries Not Intended for Use

None

EU Declaration of Conformity

- English:** This equipment is in compliance with the essential requirements and other relevant provisions of Directive 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Français:** Cet équipement est conforme aux exigences essentielles et autres dispositions de la directive 1995/5/CE, 2009/125/CE, 2006/95/CE, 2011/65/CE.
- Čeština:** Toto zařízení je v souladu se základními požadavky a ostatními příslušnými ustanoveními směrnic 1995/5/ES, 2009/125/ES, 2006/95/ES, 2011/65/ES.
- Polski:** Urządzenie jest zgodne z ogólnymi wymaganiami oraz szczególnymi warunkami określonymi Dyrektywą UE 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC..
- Română:** Acest echipament este în conformitate cu cerințele esențiale și alte prevederi relevante ale Directivei 1995/5/CE, 2009/125/CE, 2006/95/CE, 2011/65/CE.
- Русский:** Это оборудование соответствует основным требованиям и положениям Директивы 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Magyar:** Ez a berendezés megfelel az alapvető követelményeknek és más vonatkozó irányelveknek (1995/5/EK, 2009/125/EK, 2006/95/EK, 2011/65/EK).
- Türkçe:** Bu cihaz 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC direktifleri zorunlu istekler ve diğer hükümlerle ile uyumludur.
- Українська:** Обладнання відповідає вимогам і умовам директиви 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Slovenčina:** Toto zariadenie spĺňa základné požiadavky a ďalšie príslušné ustanovenia smerníc 1995/5/ES, 2009/125/ES, 2006/95/ES, 2011/65/ES.
- Deutsch:** Dieses Gerät erfüllt die Voraussetzungen gemäß den Richtlinien 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Español:** El presente equipo cumple los requisitos esenciales de la Directiva 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Italiano:** Questo apparecchio è conforme ai requisiti essenziali e alle altre disposizioni applicabili della Direttiva 1995/5/CE, 2009/125/CE, 2006/95/CE, 2011/65/CE.
- Nederlands:** Dit apparaat voldoet aan de essentiële eisen en andere van toepassing zijnde bepalingen van richtlijn 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC..
- Português:** Este equipamento cumpre os requisitos essenciais da Directiva 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Norsk:** Dette utstyret er i samsvar med de viktigste kravene og andre relevante regler i Direktiv 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- Svenska:** Denna utrustning är i överensstämmelse med de väsentliga kraven och övriga relevanta bestämmelser i direktiv 1995/5/EG, 2009/125/EG, 2006/95/EG, 2011/65/EG.
- Dansk:** Dette udstyr er i overensstemmelse med de væsentligste krav og andre relevante forordninger i direktiv 1995/5/EC, 2009/125/EC, 2006/95/EC, 2011/65/EC.
- suomen kieli:** Tämä laite täyttää direktiivien 1995/5/EY, 2009/125/EY, 2006/95/EY, 2011/65/EY oleelliset vaatimukset ja muut asiaankuuluvat määräykset.

FOR USE IN 

WEEE Directive & Product Disposal

At the end of its serviceable life, this product should not be treated as household or general waste. It should be handed over to the applicable collection point for the recycling of electrical and electronic equipment, or returned to the supplier for disposal.

Declaration of Conformity

We, Edimax Technology Co., Ltd., declare under our sole responsibility, that the equipment described below complies with the requirements of the European R&TTE directives.

Equipment: AC1200 Wall Mount Access Point
Model No.: WAP1200

Notice According to GNU General Public License Version 2

This product includes software that is subject to the GNU General Public License version 2. The program is free software and distributed without any warranty of the author. We offer, valid for at least three years, to give you, for a charge no more than the costs of physically performing source distribution, a complete machine-readable copy of the corresponding source code.

Das Produkt beinhaltet Software, die den Bedingungen der GNU/GPL-Version 2 unterliegt. Das Programm ist eine sog. „Free Software“, der Autor stellt das Programm ohne irgendeine Gewährleistungen zur Verfügung. Wir bieten Ihnen für einen Zeitraum von drei Jahren an, eine vollständige maschinenlesbare Kopie des Quelltextes der Programme zur Verfügung zu stellen – zu nicht höheren Kosten als denen, die durch den physikalischen Kopiervorgang anfallen.

GNU GENERAL PUBLIC LICENSE

Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc. 51 Franklin Street, Fifth Floor, Boston, MA 02110-1301, USA
Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Lesser General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.
- b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.
- c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

- a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
- b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
- c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
